and Technical  
Society**

# You're On the Right Track When You Join the SOO LINE HISTORICAL AND TECHNICAL SOCIETY!

Whether you're a railfan, historian or model railroader, membership in the Society makes your hobby more fun! And if you're a past or present railroad employee, it's a unique opportunity to share your special knowledge of a great railroad.

Our goal is to preserve the rich history of the Soo Line, along with that of related roads like the original Wisconsin Central, the Duluth, South Shore and Atlantic, Wisconsin & Northern and many others which became part of the Soo. We also cover selected aspects of contemporary operations, including U.S. operations of the Canadian Pacific and the Wisconsin Central Division of the Canadian National.

As part of our commitment to this goal, we created an Archives Committee in 1985. Since then, we have saved and processed numerous photos, historic documents, railroadiana and other materials. The Society has also been instrumental in saving and restoring some historic Soo Line buildings, motive power and cars. Money and materials contributed to the SLHTS Archives are tax-deductible.

As a member of the Society, you and your family will enjoy the fun and fellowship of our annual convention. It's a great chance to make new friends, tour railroad facilities, attend clinics, participate in slide and video shows, a railroadiana auction, model and photo contests, and a banquet. Other exciting events await you as well.

Four times each year you'll receive **the SOO**, the Society's official publication. Your entire family will enjoy

this high-quality magazine that's filled with informative news about current railroad events, plus historic narratives, first-person stories and more.

Each issue of **the Soo** includes:

**Feature Articles:**

All aspects of the history, construction, equipment, people and places of the Soo Line and related roads are covered.

**Soo News:** The latest events on the former Soo Line and Wisconsin Central routes are covered in depth by Society members and railroad employees.

**Modeler's Roundtable:** Tips and techniques for modeling motive power, rolling stock, structures and other equipment of the Soo and related lines are presented in most issues. And of course, you're invited to share your modeling work too!

**Society News:** Members are kept informed about the latest plans, projects, concerns and accomplishments of the Society.

**Duluth, South Shore and Atlantic Division:** The DSS&A Division has existed since 1986 and published its own newsletter (the South Shore Shorts), and also has its own activities and convention.

Get on the right track to fun and enjoyment today! Just complete and return the application in this brochure.

The Soo Line Historical and Technical Society is chartered in the state of Wisconsin as a not-for-profit corporation. Membership is for a one-year period and includes four issues of **the SOO**. *Neither the SOO nor the Society are associated with the Soo Line Railroad, Canadian Pacific Railway, Wisconsin Central Limited or Canadian National Railroad, nor any of their company publications.*

Yes! I want to join the Soo Line Historical and Technical Society today! Please rush my first issue of **the SOO** and other information to (please print clearly):

▲ Name

▲ Address    ▲ City    ▲ State/Province    ▲ Zip
